

## 2025 Tax saver Fares Determination

### *National Transport Authority (NTA) – Updates to the Tax saver Scheme*

The National Transport Authority (NTA) is implementing a new zonal ticketing system for the **Dublin Commuter Area** as part of the 2024 public transport [Fares Determination](#), which affects the Tax saver fare structure.

These changes aim to make travel more flexible and convenient for commuters with existing Tax saver products being simplified and fare levels adjusted.

The introduction of the new Dublin Commuter Zone, which consists of a series of zones extending to approximately 50km from Dublin city centre, will see the introduction of a range of Tax saver products which will allow unlimited multi-modal travel within the zone purchased along with zones closer to Dublin city centre.

### **Key Updates**

- **New** Dublin Commuter and Dublin City Zonal ticketing system
- **New** enhanced All Service ticket
- Removal of Feeder service charge between Dublin Heuston station and Dublin city centre
- No changes to Iarnród Éireann or Bus Éireann Tax saver Products in the Cork, Galway, Limerick and Waterford regional areas
- Effective date: Scheduled for tickets commencing 1<sup>st</sup> June 2025
